[shwetankas@gmail.com](mailto:shwetankas@gmail.com)

## Skills

Programming Languages- MongoDB, Express.js, React, Node.js, Django, Flask, Python, JavaScript, C++, Ember.js, HTML, CSS, Web Design

Tools and Libraries- Postman, Apache, OpenCV, UI Libraries

Databases- SQL, MongoDB  
Compass

## Personal Competencies

Leadership skill/ Delegating tasks.

Punctual/Fast Learner.

Coping with choke points.

Smart Analysis, Teamwork.

# Projects

## My Social App – Full Stack MERN App

- Developed a full-fledged social media application using the MERN stack.
- Created interactive user interfaces with React.js and implemented back-end functionality with Node.js and Express.js.
- Utilized MongoDB for efficient data storage and retrieval, ensuring a seamless user experience.
- Project link: <https://shwetank-social-app.netlify.app/>

## Shwetank's Dashboard– React.js

- Unified Data Visualization: Experience seamless data visualization through an ERP Management dashboard app. Harness the power of React and Material UI for a modern and professional interface with Dark mode.
- Dynamic Charting: Dive into data with varied chart options—bar, line, pie, and more. Effortlessly comprehend complex information, empowering better decision-making.
- Tailored Pages and Forms: Access purpose-built pages and forms that cater to different tasks—be it data input, reporting, or task management—enhancing operational efficiency.
- Project link: <https://shwetank-main-dashboard-app.netlify.app/>

## Eye-Blinking test, OpenCV

- Published a research paper in IEEE Scopus.
- <https://ieeexplore.ieee.org/document/9725633/authors#authors>
- We used Python libraries such as OpenCV, Tensorflow and pandas for this.
